Address:

We hereby certify that homogeneous materials in all electrical and electronic equipment currently being delivered to Compotech (except those in Annex I) do not exceed the concentration levels regulated in **Directive 2011/65/EC (RoHS)** of the European Parliament and its amendment directives including Directive 2015/863/EC. Applications that exceed the concentration levels but are covered by the exceptions in Appendix III shall be listed below.

The RoHS directive can be found on the environmental website of the European Commission: [Electrical and electronic waste - Environment - European Commission \(europa.eu\)](http://europa.eu)

We certify that the answers above and the content of the components supplied to Compotech is accurate to the best of our knowledge. We understand that Compotech reserves the right to request and review the supplier's data used as proof of compliance with these requirements. We undertake to continuously check and communicate in the future to Compotech any relevant changes in these regulatory requirements that have impact on components delivered to Compotech.

Applications exempted from the restriction according to Annex III (2011/65/EU):
